### Sunday, January 15

7:00 - 8:00	Breakfast among Exhibitors
8:00 - 9:00	Dr. George Alvarez
9:00 - 10:00	Dr. Mike Garcia
10:00 - 10:30	Break among Exhibitors
10:30 - 11:30	Dr. Andrew Pate

#### Friday Speaker:

Dr. Greg Psaltis has been a pediatric dentist for 42 years, primarily in private practice in Olympia Washington. In addition to enjoying his practice, he lectures frequently on pediatric topics, as well as communication skills and practice management. He has published in several journals and often vacations by volunteering in Mexico and Boliva to provide care for children without hope of access of care. His unique speaking style reflects his years of experience and keen observation, thus making his programs informative and entertaining. He was recently given the Gordon J. Christensen Lecturer Recognition Award for excellence in professional presentations

His program will explore - "Getting past "UH-OH", NO, and Helicopters

#### Saturday Morning Speaker

Dr. Frank Sierra has maintained a private practice for over 20 years with a primary focus in oral health care for children with special needs. He is a fellow of the American Academy of Pediatric Dentistry and a Diplomate of the American Board of Pediatric Dentistry. He is a Past-President of the Florida Academy of Pediatric Dentistry and the Florida Cleft Palate-Craniofacial Association. He has served as a consultant to the anesthesia committee of the Florida Board of Dentistry for the FAPD for many years. Dr. Sierra is a wet fingered dentist who utilizes the full spectrum of behavior guidance for nonpharmacological techniques, operator administered conscious sedation, office based general anesthesia with an anesthesiologist and hospital operating room treatment.

His program will explore -

- \* Current societal and legislative environment and future trends.
- \* Spectrum of treatment options from behavior management through general anesthesia
- \* Operator administered anesthesia versus medical team approach
- \* Traditional and nontraditional settings for oral health care under anesthesia
- \* Challenging cases will be discussed in an interactive format to explore best treatment modality

#### Saturday Afternoon Speakers:

Dr. Hector Vila received his medical degree from Louisiana State University School of Medicine in 1989 and completed a 3-year residency in Anesthesia at the University of South Florida, where he received advanced training in Pediatric Anesthesia. At graduation he was the recipient of the Dripps Award for outstanding resident. He was certified by the American Board of Anesthesiology in 1994.

Dr. Vila is nationally renowned for his work to improve the quality of care in ambulatory and office based anesthesia. Dr. Vila served as chair of the South Carolina Medical Association Taskforce for Office Surgery Guidelines. He was lead author of the study, "A Comparative Outcomes Analysis of Procedures Performed in Physician Offices and Ambulatory Surgery Centers". Abstracts of this study received international awards and attracted national media attention. He was quoted in US News and World Report, CNN, Good Morning America and numerous other media. He is considered an expert in the area of patient safety.

Dr. Vila is a Board of Medicine Office Inspector. He is currently the chair of the American Society of Anesthesiologist Ambulatory Committee and is on the Board of Directors of the American Society of Anesthesiologists. He has been asked to speak nationally and internationally on office surgery safety. Dr. Vila had been voted one of the Best Doctors in America, 2005, 2006 and 2007.

Dr. Vila will discuss "What Can and has Gone Wrong in Dental Sedation."

Dr. Linda Jo Rice received her primary Board Certification in Anesthesiology in 1980 and most recently earned the newly created Board Certification in Pediatric Anesthesiology in 2014. She received her medical degree from the University of Kentucky and completed her anesthesiology residency at Naval Hospital Portsmouth, Virginia and her Pediatric Anesthesia fellowship at Children's National Medical Center. She has been a professor at three universities, and is an internationally recognized lecturer in pediatric anesthesia. Dr. Rice has been voted one of the Best Doctors in America every year since 1993, when she was first nominated. She recently completed 25 years as an examiner for the American Board of Anesthesiology. Prior to joining Pediatric Dental Anesthesia Associates, Dr. Rice practiced pediatric anesthesiology at All Children's Hospital in St. Petersburg, Florida for 20 years.

Dr. Rice will discuss the New AAPD Sedation Guidelines - What's New and What's Missing.

Dr. Dennis Stone is a pediatric anesthesiologist; a medical doctor who has completed specialty training in anesthesiology and extra training in anesthesia for infants and children. Dr. Stone was certified by the American Board of Anesthesiology in 1980 and earned his recertification in 1993. He received his medical degree from the University of Miami in 1976 and completed a 3-year residency in Anesthesiology at The University of Florida. He served a pediatric anesthesia fellowship at The Children's Hospital of Philadelphia and a pediatric cardiovascular anesthesiology fellowship at the University of Alabama.

Dr. Stone has practiced pediatric anesthesiology for over 21 years at the Wolfson Children's Hospital where he served as Director of the Pediatric Anesthesia Department, Director of Outpatient Surgical Services, Director of Pain Management Services and was a founding member of the Division of Anesthesiology of the Nemours Children's Clinic.

Since 1998 he has provided I.V. sedation care for children in pediatric dental offices in the NE Florida and SE Georgia areas.

Dr. Stone will discuss the Tips and Techniques - In Office Sedation and Anesthesia

**Sunday Morning Speakers:**

Dr. George Alvarez received his medical degree from the University of South Florida College of Medicine and completed residencies in Pediatric Medicine and Anesthesiology at the Naval Regional Medical Center in Virginia and Pediatric Anesthesiology at the Children's Hospital National Medical Center in Washington DC. Dr. Alvarez served as Chief of Anesthesiology and Clinical Practice Director at All Children's Hospital Johns Hopkins Medicine facility in Saint Petersburg before joining Pediatric Dental Anesthesia Associates.

Dr. Alvarez will explore Pediatric Anesthesia and Brain Development

Dr. Mike Garcia is a Board Certified Pediatric Anesthesiologist, a medical doctor who received advanced training in providing sedation and anesthesia for infants and children. His medical degree was completed at the University of Rochester, in New York. Anesthesia training was completed over three years at the National Naval Medical Center in Bethesda, Maryland and included advanced pediatric training at Children's National Medical Center in Washington D.C. He has spent over twenty years providing sedation and anesthesia for infants and children, including serving as Chief, Division of Anesthesia at All Children's Hospital, a branch of John Hopkins Medicine. His goal: treat everyone's child the way he would want his children treated.

Dr. Garcia will explore Special Considerations for Special Needs - Autism, Down and CP

Dr. Andrew Pate received his medical degree from the University of South Carolina School of Medicine in 1986. After completing an internship at John Hopkins (in Baltimore) he completed an Anesthesiology Residency at George Washington University, including Pediatric Anesthesia training at the National Children's Hospital in Washington D.C. He then completed his postgraduate training in Obstetrical Anesthesia at the George Washington University Medical Center in Washington DC. He is board certified in Anesthesiology by the American Board of Anesthesiology and he is a diplomat of the National Board Medical Examiners.

Dr. Pate will explore Sedation and Common Childhood Diseases - Asthma, Allergies, Seizures
